

# Habitat Options

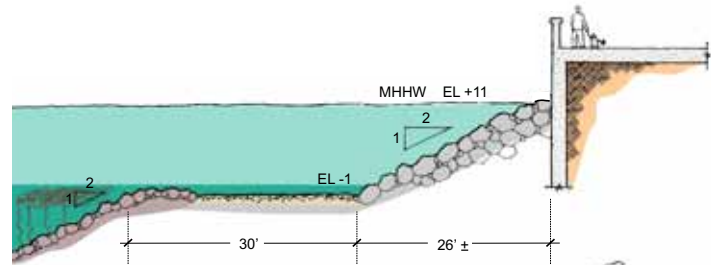

## #2 Protection Under Pier

- + Stabilized seawall
- + Enhanced food resources for salmonids

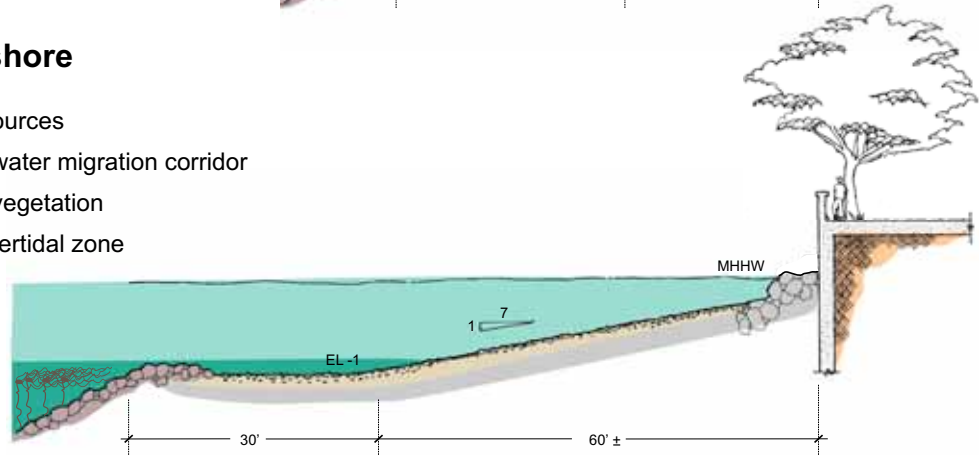

## #3 Habitat Bench

- ++ Enhanced food resources
- ++ Enhanced shallow water migration corridor for salmonids

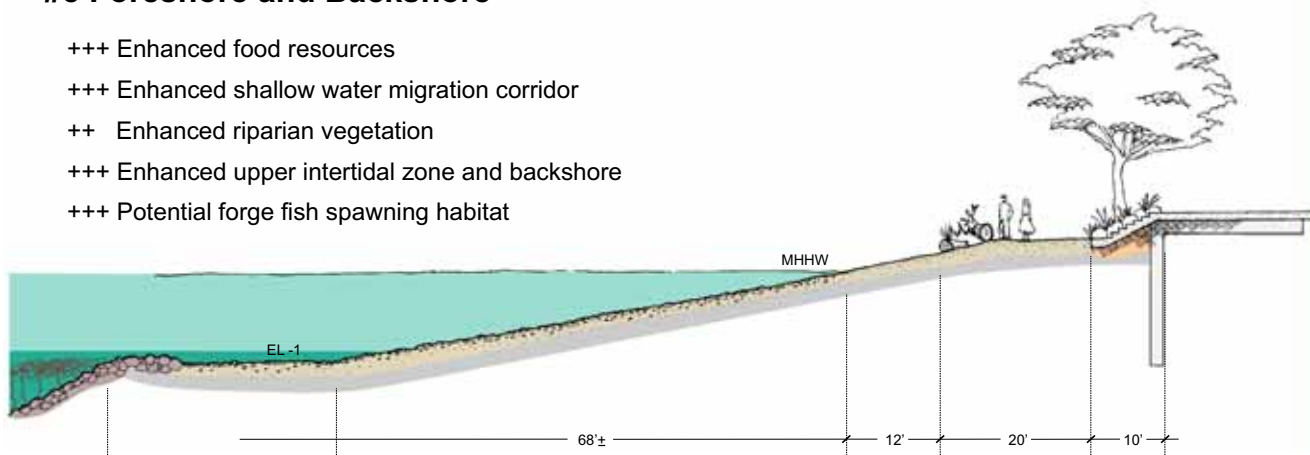

## #4 Extended Foreshore

- +++ Enhanced food resources
- +++ Enhanced shallow water migration corridor
- +++ Enhanced riparian vegetation
- + Enhanced upper intertidal zone

## #5 Foreshore and Backshore

- +++ Enhanced food resources
- +++ Enhanced shallow water migration corridor
- ++ Enhanced riparian vegetation
- +++ Enhanced upper intertidal zone and backshore
- +++ Potential for fish spawning habitat

- +++ Exceptional Benefit
- ++ Benefit
- + Some Potential Benefit

Intertidal  
Subtidal
